DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This house, located on the east side of South Vermont Street, is a two story, three bay log structure which probably dates from the late 18th century. Its walls are covered with asbestos shingle siding and its windows have two over two pane sashes with late 19th century pedimented architraves. The main entrance is located in the south bay of the front elevation. A relatively large brick chimney rises from inside the north end wall. Sheet metal covers the roof. The house appears to be in fair condition.
